Nexus Technologies - Employee IT Helpdesk & Self-Service Manual

Nexus Technologies - Employee IT Helpdesk & Self-Service Manual

SECTION 1: HOW TO CONTACT THE IT HELPDESK

The Nexus IT Helpdesk provides technical support Monday through Friday, 24 hours a day:

- Slack Channel: Submit requests in ‘#help-it‘ for real-time triage.

- IT Service Portal: Log tickets at ‘https://helpdesk.nexustech.internal‘.

- Critical Emergency Hotline: Call 1-888-555-NXIT for urgent outages.

SECTION 2: OKTA SINGLE SIGN-ON & PASSWORD MANAGEMENT

- Passwords must be at least 14 characters, containing uppercase, lowercase, numbers, and symbols.

- Passwords expire every 180 days. Self-service password resets are available at ‘https://auth.nexustech.internal/reset‘.

- Multi-Factor Authentication (MFA) is strictly enforced via YubiKey hardware keys or the Okta Verify mobile application.

SECTION 3: CONNECTING TO GLOBALPROTECT CORPORATE VPN

Access to internal databases, staging environments, and code repositories requires connection to the GlobalProtect VPN:

1. Launch GlobalProtect from the system menu bar.

2. Enter the portal address: ‘vpn.nexustech.internal‘.

3. Complete Okta biometric or push notification authentication.

4. Verify connected status (blue shield icon).

SECTION 4: REPORTING LOST OR STOLEN HARDWARE

If a corporate laptop, smartphone, or security token is lost or stolen, you must report it to IT Security (‘security@nexustech.internal‘) and your manager within 2 hours. The IT security team will immediately execute a remote MDM device wipe to prevent data compromise.
