Nexus Technologies - HR Employee Handbook & Operational Guide

Nexus Technologies - HR Employee Handbook & Operational Guide (2026 Edition)

SECTION 1: ORGANIZATIONAL MISSION AND HR CHARTER

Nexus Enterprise Technologies Inc. is committed to fostering an equitable, high-performance workplace culture. The Human Resources division oversees talent acquisition, organizational effectiveness, employee total rewards, career pathing, and workplace conflict mediation.

SECTION 2: PERFORMANCE MANAGEMENT AND APPRAISAL CYCLES

Performance reviews are conducted semi-annually across all divisions. The mid-year review cycle runs in June, and the end-of-year comprehensive review concludes in December. Employees are evaluated across a 5-point rating scale: 1 (Unsatisfactory), 2 (Needs Improvement), 3 (Consistently Meets Expectations), 4 (Exceeds Expectations), and 5 (Outstanding Impact). Merit-based compensation adjustments range from 3% to 12% annually based on individual and company performance tiers.

SECTION 3: PERFORMANCE IMPROVEMENT PLAN (PIP) ESCALATION

When an employee’s performance fails to meet role expectations, a formal Performance Improvement Plan (PIP) is initiated by the direct manager in consultation with the HR Business Partner (HRBP). The PIP duration is strictly 30, 45, or 60 calendar days with clear measurable milestones. Weekly review check-ins are mandatory. Failure to achieve the stipulated objectives by day 60 will result in formal employment separation.

SECTION 4: EQUITY GRANTS AND VESTING SCHEDULE

Standard corporate equity grants (Restricted Stock Units - RSUs) are governed by a 4-year vesting schedule with a 1-year cliff. Twenty-five percent (25%) of the awarded shares vest upon completion of the first anniversary, followed by quarterly vesting of 6.25% for the remaining 36 months. Equity grants require continuous active service and are managed through Carta.

SECTION 5: CONFIDENTIAL EMPLOYEE ASSISTANCE PROGRAM (EAP)

Nexus provides 24/7 confidential mental health support, family counseling, legal consultation, and financial coaching through our global EAP partner Lyra Health. All employees and their dependents receive up to 12 free individual therapy sessions per calendar year with complete confidentiality.
